

I-64 westbound ramp closures until September 1, 2012

For More Info:

http://www.modot.mo.gov/stlouis/major_projects/I-64DoubleDeckRehabilitationProject.htm

Work has started on the final stage of this project in the westbound direction. One lane on westbound I-64 is closed around the clock, with a second lane being closed during from 10 am to 3 am. MoDOT is working with the various downtown attractions to ensure traffic can get through for events. The project is on track to be complete November 2012.
